Join us in Denver, CO at Pro Green February 8-12

Answer to last month's riddle: Which tree is the neatest tree that grows? Spruce. What tree is an awful grouch?

## **Are you missing an opportunity to share your work with others?**

It only takes a few minutes to share a good tree moving story. We all have stories that are worthy to share. Maybe you donated a tree to a meaningful cause or saved trees that would otherwise be destroyed.

**BIG JOHN** wants to print your unique tree moving story in our newsletter.

Your story can be an advertising tool for your business—a good insert for brochures. Over 1200 companies receive our newsletter nationwide and all newsletters can be viewed at [www.big-john.com](http://www.big-john.com). Send your story & pictures to [mrchoate@big-john.com](mailto:mrchoate@big-john.com) or Melissa Choate PO BOX 960 Heber Springs, AR 72543. If you have any questions, please give us a call 1-800-643-8039.

**BIG JOHN** is proud of our customers and wants to share their stories!

Everywhere trees are getting bigger and bigger... the slow down in the economy has left many trees in the ground for longer periods of time. This fact can become an opportunity! Move larger trees with larger Big John Tree Spades! Think... **BIG JOHN**
